

American Journal of ORTHODONTICS and DENTOFACIAL ORTHOPEDICS

*Official publication of the American Association of Orthodontists,
its constituent societies, and the American Board of Orthodontics*

Editors

T. M. Graber, DMD, MSD, PhD, Dr.Odont., D.Sc, Sc.D, Editor-in-Chief

University of Illinois at Chicago, College of Dentistry

MC #842, 801 S. Paulina, Chicago, Illinois 60612

Telephone: (312)996-2293; fax: (312)413-8543 or (847)864-2597; modem: (312)413-8677; e-mail: tgrab@attmail.com

Alex Jacobson, DMD, MS, MDS, PhD, Editor of Reviews and Abstracts

University of Alabama, Birmingham, Alabama 35294

Laurance Jerrold, DDS, JD, Editor of Litigation, Legislation, and Ethics

100 Clark Ave., Massapequa, New York 11758

Martin N. Abelson, AB, DDS, Editor of Ortho Bytes

14720 N. Shotgun Pl., Tucson, Arizona 85737

James L. Vaden, DDS, MS, ABO Liaison

301 E. 1st St., Cookeville, Tennessee 38501

Dale Wade, DDS, MS, Education Liaison

3220 Riverside Dr., Columbus, Ohio 43221

Joseph Zernik, DMD, PhD, E-mail Editor

jzernik@hsc.usc.edu

Gerald Nelson, DDS, Clinical Section Editor

2827 Regent St., Berkeley, California 94705

Zane Muhl, DDS, MS, PhD, Continuing Education Editor

University of Illinois at Chicago, College of Dentistry, Department of Orthodontics,

MC #841, 801 S. Paulina, Chicago, Illinois 60612; e-mail: zfmuhl@uic.edu

Michael Meyer, DDS, Editor, French and Portuguese Editions

meyermj@aol.com

Editorial Board

Gerald D. Nelson, DDS

William A. Mitchell Jr., DDS, MS

Paul J. McKenna Jr., DMD

William F. Stutts DDS

Lee W. Graber, DDS, MS, PhD

Lysle E. Johnston Jr., DDS, MS, PhD

Ashur G. Chavoor, AB, DDS, MS

Robert S. Freeman, DDS, MSD

Perry M. Opin, DDS, MScD

Jaime De Jesús-Viñas, DMD, MS

Editorial Coordinator

Paula Bargiel

Senior Manuscript Editor

Barbara M. Kissane

Subject index

A

Abstracts

Abstracts. 1997;111:116-7, 245, 352-5, 457-61, 588-9, 662-9

Adhesives

Evaluation of Scotchbond multipurpose and maleic acid as alternative methods of bonding orthodontic brackets (Olsen et al). 1997;111:498-501

Fluoride level in saliva after bonding orthodontic brackets with a fluoride containing adhesive (Øgaard et al). 1997;111:199-202 (Continuing education)

In vitro evaluation of matrix-bound fluoride-releasing orthodontic bonding adhesives (Sinha et al). 1997;111:276-82

Adults

An adult malocclusion requiring a combination of orthodontic and prosthodontic treatment (Chan). 1997;111:100-5 (Case rep.)

Alveolar bone loss of maxillary anterior teeth in adult orthodontic patients (Nelson and Årtun). 1997;111:328-34 (Continuing education)

Arch width changes from 6 weeks to 45 years of age (Bishara et al). 1997;111:401-9 (Continuing education)

A longitudinal study of arch size and form in untreated adults (Harris). 1997;111:419-27 (Continuing education)

Age factors

Arch width changes from 6 weeks to 45 years of age (Bishara et al). 1997;111:401-9 (Continuing education)

Early dentofacial features of Class II malocclusion: a longitudinal study from the deciduous through the mixed dentition (Baccetti et al). 1997;111:502-9

The effect of early intervention on skeletal pattern in Class II malocclusion: a randomized clinical trial (Tulloch et al). 1997;111:391-400

Emerging paradigms in orthodontics—an essay (Ghafari). 1997;111:573-80 (Guest editorial)

Phase I treatment (Nelson). 1997;111:239-40 (Notes from the clinic)

Airway obstruction

Influences of nasal respiratory obstruction on craniofacial growth in young *Macaca fuscata* monkeys (Yamada et al). 1997;111:38-43

Alveolar bone loss

Alveolar bone turnover and tooth movement in male rats after removal of orthodontic appliances (King et al). 1997;111:266-75

Alveolar bone loss of maxillary anterior teeth in adult orthodontic patients (Nelson and Årtun). 1997;111:328-34 (Continuing education)

American Association of Orthodontists

Excerpts from American Association of Orthodontists Clinical Practice Guidelines for Orthodontics and Dentofacial Orthopedics 1996. 1997;111:443-9

Preliminary program of the ninety-seventh annual session, May 3-7, 1997. 1997;111:213-36

Reflecting on the Orthodontic Educational Development Symposium (Roberts). 1997;111:110-5 (Educational update)

American Association of Orthodontists Foundation

Campaign update. 1997;111:581

American Board of Orthodontics

An adult malocclusion requiring a combination of orthodontic and prosthodontic treatment (Chan). 1997;111:100-5 (Case rep.)

An American Board of Orthodontics case report: the nonsur-

gical orthodontic correction of a Class III malocclusion (Glenn). 1997;111:149-55 (Case rep.)

An American Board of Orthodontics case report: treatment of a Class I malocclusion with a significant transverse discrepancy and high mandibular plane angle (Dhane). 1997;111:247-52 (Case rep.)

An American Board of Orthodontics case report (Bilodeau). 1997;111:487-91 (Case rep.)

An assessment of treatment outcome in American Board of Orthodontics cases (Tahir et al). 1997;111:335-42 (Continuing education)

Examination and fee schedule for 1997. 1997;111:345

The mandibular central incisor, an extraction option (Klein). 1997;111:253-9 (Case rep.)

New diplomates—March 1997. 1997;111:651

Treatment of a patient with a Class II malocclusion and an extremely high mandibular plane angle and severe crowding (Coreil). 1997;111:93-9 (Case rep.)

Angiogenesis; see Neovascularization

Apical root resorption; see Root resorption

Appliances; see Orthodontic appliances

Arbitration; see Negotiating

Arch; see Dental arch

B

Biomechanics

On mechanical properties of square and rectangular stainless steel wires tested in torsion (Meling et al). 1997;111:310-20 (Continuing education)

Bond strength

Bond strength: a comparison between chemical coated and mechanical interlock bases of ceramic and metal brackets (Wang et al). 1997;111:374-81

Bond strength of orthodontic composite cement to treated porcelain (Cochran et al). 1997;111:297-300

Effect of pumice prophylaxis on the bond strength of orthodontic brackets (Lindauer et al). 1997;111:599-605 (Continuing education)

Fluoride release and shear bond strengths of three light-cured glass ionomer cements (Ashcraft et al). 1997;111:260-5

Bonding

Bonded orthodontic retainers: the wire-composite interface (Bearn et al). 1997;111:67-74 (Continuing education)

Enamel preparation for orthodontic bonding: a comparison between the use of a sandblaster and current techniques (Reisner et al). 1997;111:366-73

Evaluation of Scotchbond multipurpose and maleic acid as alternative methods of bonding orthodontic brackets (Olsen et al). 1997;111:498-501

Fluoride level in saliva after bonding orthodontic brackets with a fluoride containing adhesive (Øgaard et al). 1997;111:199-202 (Continuing education)

In vitro comparison of debonding force and intrapulpal temperature changes during ceramic orthodontic bracket removal using a carbon dioxide laser (Ma et al). 1997;111:203-10 (Continuing education)

In vitro evaluation of matrix-bound fluoride-releasing orthodontic bonding adhesives (Sinha et al). 1997;111:276-82

A new approach to indirect bonding using light-cure composites (Kasrovi et al). 1997;111:652-6 (Notes from the clinic)

Thermal debonding of ceramic brackets: an in vitro study (Crooks et al). 1997;111:163-72

January, pp. 1-118; February, pp. 119-246; March, pp. 247-356; April, pp. 357-462; May, pp. 463-590; June, pp. 591-684.

Bone regeneration

Stimulatory effects of low-power laser irradiation on bone regeneration in midpalatal suture during expansion in the rat (Saito and Shimizu). 1997;111:525-32

Brackets; see Orthodontic brackets**C****Canine**

Dynamic relationships of the mandibular anterior segment (Braun and Hnat). 1997;111:518-24

Incomplete canine transposition and maxillary central incisor impaction—a case report (Wasserstein et al). 1997;111:635-9 (Case rep.)

The treatment of a Class I malocclusion with two horizontally impacted maxillary canines (Ødegaard). 1997;111:357-65 (Case rep.)

Carbon dioxide laser; see Lasers**Case reports**

Case reports. 1997;111:93-105, 149-55, 247-59, 357-65, 471-91, 635-45

Cements

Bond strength of orthodontic composite cement to treated porcelain (Cochran et al). 1997;111:297-300

Fluoride release and shear bond strengths of three light-cured glass ionomer cements (Ashcraft et al). 1997;111:260-5

Centric relation

An evaluation of condyle position in centric relation obtained by manipulation of the mandible with and without leaf gauge deprogramming (Braun et al). 1997;111:34-7

Cephalometry

The demographics of Dr. Geoffrey Walker's cephalometric collection (Nelson et al). 1997;111:646-9 (Special article)

Heritability of 39 orthodontic cephalometric parameters on MZ, DZ twins and MN-paired singletons (Manfredi et al). 1997;111:44-51

Individualized evaluation of facial form (Fishman). 1997;111:510-7

Ceramics

Bond strength: a comparison between chemical coated and mechanical interlock bases of ceramic and metal brackets (Wang et al). 1997;111:374-81

Bond strength of orthodontic composite cement to treated porcelain (Cochran et al). 1997;111:297-300

In vitro comparison of debonding force and intrapulpal temperature changes during ceramic orthodontic bracket removal using a carbon dioxide laser (Ma et al). 1997;111:203-10 (Continuing education)

Thermal debonding of ceramic brackets: an in vitro study (Crooks et al). 1997;111:163-72

Chlorhexidine

Clinical effects of chlorhexidine mouthwashes on patients undergoing orthodontic treatment (Anderson et al). 1997;111:606-12 (Continuing education)

Chromium

Salivary nickel and chromium in subjects with different types of fixed orthodontic appliances (Kerosuo et al). 1997;111:595-8

Class I malocclusion; see Malocclusion, Angle Class I**Class II malocclusion; see Malocclusion, Angle Class II****Class III malocclusion; see Malocclusion, Angle Class III****Cleidocranial dysplasia**

Cleidocranial dysplasia: Part 1—general principles of the orthodontic and surgical treatment modality (Becker et al). 1997;111:28-33

Cleidocranial dysplasia: Part 2—treatment protocol for the orthodontic and surgical modality (Becker et al). 1997;111:173-83

Clinician's corner

Clinician's corner. 1997;111:141-8, 650

Communication

Internet: speed controls on the Super Highway (Mollard). 1997;111:241-2 (Ortho bytes)

Composite resins

Bonded orthodontic retainers: the wire-composite interface (Bearn et al). 1997;111:67-74 (Continuing education)

A new approach to indirect bonding using light-cure composites (Kasrovi et al). 1997;111:652-6 (Notes from the clinic)

Computers

Creating composite image files with a word processor (Mamutil). 1997;111:107-9 (Ortho bytes)

Design and test orthodontic loops using your computer (Halazonetis). 1997;111:346-8 (Ortho bytes)

Internet: speed controls on the Super Highway (Mollard). 1997;111:241-2 (Ortho bytes)

Judging a digital imaging system (Abelson). 1997;111:657-8 (Ortho bytes)

New digital imaging systems for dental and medical use. 1997;111:661 (Ortho-tech news)

Windows 95: troubles and trouble shooting (Abelson). 1997;111:583-5 (Ortho bytes)

Windows 95—first impression (Abelson). 1997;111:453-4 (Ortho bytes)

Confidentiality

Are you a doctor or are you a dentist? (Jerrold). 1997;111:586-7 (Litigation/legis./ethics)

Continuing education

Continuing education. 1997;111:52-86, 184-212, 310-44, 401-36, 533-72, 599-634

Copper

Effects of orthodontic treatment on nutrient intake (Riordan). 1997;111:554-61 (Continuing education)

Correction

Comparing and contrasting two orthodontic indices, the Index of Orthodontic Treatment Need and the Dental Aesthetic Index (Jenny and Cons) (1996;110:410-6). 1997;111:454

Covenants not to compete

Revisiting restrictive covenants (Jerrold). 1997;111:659-60 (Litigation/legis./ethics)

Crossbite

Changes in condylar position and occlusion associated with maxillary expansion for correction of functional unilateral posterior crossbite (Hesse et al). 1997;111:410-8 (Continuing education)

Crowding of teeth; see Malocclusion**D****Debonding; see Bonding****Deciduous dentition; see Dentition, primary****Demographics**

The demographics of Dr. Geoffrey Walker's cephalometric collection (Nelson et al). 1997;111:646-9 (Special article)

Dental arch

An American Board of Orthodontics case report: the nonsurgical orthodontic correction of a Class III malocclusion (Glenn). 1997;111:149-55 (Case rep.)

Arch width changes from 6 weeks to 45 years of age (Bishara et al). 1997;111:401-9 (Continuing education)

Changes in dental arch dimensions by use of an orthopedic cervical headgear in Class II correction (Kirjavainen et al). 1997;111:59-66 (Continuing education)

Changes in occlusion related to the cant of the occlusal plane (Braun and Legan). 1997;111:184-8 (Continuing education)

Dynamic relationships of the mandibular anterior segment (Braun and Hnat). 1997;111:518-24

A longitudinal study of arch size and form in untreated adults (Harris). 1997;111:419-27 (Continuing education)

Dental devices

Comparison of two dental devices for treatment of obstructive sleep apnea syndrome (OSAS) (Hans et al). 1997;111:562-70 (Continuing education)

Dental implants

Soldered implant attachments (Helpard et al). 1997;111:650 (Clin. corner)

Dental pulp

In vitro comparison of debonding force and intrapulpal temperature changes during ceramic orthodontic bracket removal using a carbon dioxide laser (Ma et al). 1997;111:203-10 (Continuing education)

Dentition, mixed

Early dentofacial features of Class II malocclusion: a longitudinal study from the deciduous through the mixed dentition (Baccetti et al). 1997;111:502-9

The effects of lip bumper therapy in the mixed dentition (Davidovitch et al). 1997;111:52-8 (Continuing education)

Phase I treatment (Nelson). 1997;111:239-40 (Notes from the clinic)

Skeletal and dental changes after maxillary expansion in the mixed dentition (Sandıkçioğlu and Hazar). 1997;111:321-7 (Continuing education)

Dentition, primary

Early dentofacial features of Class II malocclusion: a longitudinal study from the deciduous through the mixed dentition (Baccetti et al). 1997;111:502-9

Diet

Effects of orthodontic treatment on nutrient intake (Riordan). 1997;111:554-61 (Continuing education)

E

Edgewise appliances; see Orthodontic appliances

Education

Emerging paradigms in orthodontics—an essay (Ghafari). 1997;111:573-80 (Guest editorial)

Reflecting on the Orthodontic Educational Development Symposium (Roberts). 1997;111:110-5 (Educational update)

Educational update

Educational update. 1997;111:110-5

Ehlers-Danlos syndrome

Orthodontic and temporomandibular joint considerations in treatment of patients with Ehlers-Danlos syndrome (Norton and Assael). 1997;111:75-84 (Continuing education)

Elastomers

Force decay and deformation of orthodontic elastomeric ligatures (Taloumis et al). 1997;111:1-11

Electric toothbrushes; see Toothbrushing

Enamel

Enamel preparation for orthodontic bonding: a comparison between the use of a sandblaster and current techniques (Reisner et al). 1997;111:366-73

Ethics

Arbitration accepted as a means for resolution of medical malpractice disputes (Jerrold). 1997;111:349-51 (Litigation/legis./ethics)

Are you a doctor or are you a dentist? (Jerrold). 1997;111:586-7 (Litigation/legis./ethics)

Hiding the truth (Jerrold). 1997;111:455-6 (Litigation/legis./ethics)

Internet: speed controls on the Super Highway (Mollard). 1997;111:241-2 (Ortho bytes)

Revisiting restrictive covenants (Jerrold). 1997;111:659-60 (Litigation/legis./ethics)

Who can be an expert? (Jerrold). 1997;111:243-4 (Litigation/legis./ethics)

Ethnic factors

The demographics of Dr. Geoffrey Walker's cephalometric collection (Nelson et al). 1997;111:646-9 (Special article)

Expert witness

Who can be an expert? (Jerrold). 1997;111:243-4 (Litigation/legis./ethics)

External apical root resorption; see Root resorption

Extraction; see Tooth extraction

Extraoral traction appliances

Changes in dental arch dimensions by use of an orthopedic cervical headgear in Class II correction (Kirjavainen et al). 1997;111:59-66 (Continuing education)

A new concept: impulse in orthodontics (Braun and Bluestein). 1997;111:437-40 (Special article)

Selçuk type headgear-timer (STHT) (Güray and Orhan). 1997;111:87-92 (Special article)

A study of holographic interferometry on the initial reaction of maxillofacial complex during protraction (Lee et al). 1997;111:623-32 (Continuing education)

F

Facial bones, growth and development

Cleidocranial dysplasia: Part 1—general principles of the orthodontic and surgical treatment modality (Becker et al). 1997;111:28-33

Cleidocranial dysplasia: Part 2—treatment protocol for the orthodontic and surgical modality (Becker et al). 1997;111:173-83

The effect of early intervention on skeletal pattern in Class II malocclusion: a randomized clinical trial (Tulloch et al). 1997;111:391-400

The influence of the masticatory hypofunction on the craniofacial growth and development in rats (Ulgen et al). 1997;111:189-98 (Continuing education)

Influences of nasal respiratory obstruction on craniofacial growth in young *Macaca fuscata* monkeys (Yamada et al). 1997;111:38-43

Orthognathic surgery effects on maxillary growth in patients with vertical maxillary excess (Mogavero et al). 1997;111:288-96

Facial dimensions

An American Board of Orthodontics case report (Bilodeau). 1997;111:487-91 (Case rep.)

Individualized evaluation of facial form (Fishman). 1997;111:510-7

Treatment and posttreatment changes in patients with Class II, Division 1 malocclusion after extraction and nonextraction treatment (Bishara et al). 1997;111:18-27

Facial photography

Facial photography for the orthodontic office (Meredith). 1997;111:463-70 (Special article)

Fluoride

Fluoride level in saliva after bonding orthodontic brackets with a fluoride containing adhesive (Øgaard et al). 1997;111:199-202 (Continuing education)

Fluoride release and shear bond strengths of three light-cured glass ionomer cements (Ashcraft et al). 1997;111:260-5

In vitro evaluation of matrix-bound fluoride-releasing orthodontic bonding adhesives (Sinha et al). 1997;111:276-82

Force

Emerging paradigms in orthodontics—an essay (Ghafari). 1997;111:573-80 (Guest editorial)

Force decay and deformation of orthodontic elastomeric ligatures (Taloumis et al). 1997;111:1-11

- Forces produced by lip bumpers on mandibular molars (Hodge et al). 1997;111:613-22 (Continuing education)
- In vitro comparison of debonding force and intrapulpal temperature changes during ceramic orthodontic bracket removal using a carbon dioxide laser (Ma et al). 1997;111:203-10 (Continuing education)
- A new concept: impulse in orthodontics (Braun and Bluestein). 1997;111:437-40 (Special article)
- A study of holographic interferometry on the initial reaction of maxillofacial complex during protraction (Lee et al). 1997;111:623-32 (Continuing education)

Fraud

- Hiding the truth (Jerrold). 1997;111:455-6 (Litigation/legis./ethics)

G**Genetics**

- Heritability of 39 orthodontic cephalometric parameters on MZ, DZ twins and MN-paired singletons (Manfredi et al). 1997;111:44-51
- A heritable component for external apical root resorption in patients treated orthodontically (Harris et al). 1997;111:301-9

Gingivitis

- Clinical effects of chlorhexidine mouthwashes on patients undergoing orthodontic treatment (Anderson et al). 1997;111:606-12 (Continuing education)
- Comparison of the effectiveness of two types of toothbrushes on the oral hygiene of patients undergoing orthodontic treatment with fixed appliances (Kiliçoğlu et al). 1997;111:591-4
- Effect of electric toothbrushes versus manual toothbrushes on removal of plaque and periodontal status during orthodontic treatment (Trimpenneers et al). 1997;111:492-7

Glass ionomer cements

- Fluoride release and shear bond strengths of three light-cured glass ionomer cements (Ashcraft et al). 1997;111:260-5

Guest editorials

- Guest editorials. 1997;111:440-2, 573-80

Guidelines

- Excerpts from American Association of Orthodontists Clinical Practice Guidelines for Orthodontics and Dentofacial Orthopedics 1996. 1997;111:443-9

H**Head posture**

- The relationship between ortho head posture and head posture measured during walking (Preston et al). 1997;111:283-7

Headgear; see Extraoral traction appliances**Heat**

- Thermal debonding of ceramic brackets: an in vitro study (Crooks et al). 1997;111:163-72

Hoffman, Paul

- Paul Hoffman, DDS (Hoffman). 1997;111:106 (In memoriam)

Holography

- A study of holographic interferometry on the initial reaction of maxillofacial complex during protraction (Lee et al). 1997;111:623-32 (Continuing education)

Hyperodontia

- A case of hyperodontia with twenty-two supernumeraries: its surgical-orthodontic treatment (Rizzuti and Scotti). 1997;111:471-80 (Case rep.)

Hypothyroidism

- Orthodontic treatment of a patient with multidisciplinary problems (Laino and Melsen). 1997;111:141-8 (Clin. corner)

I**Impacted tooth; see Tooth, impacted****Implants, artificial**

- Soldered implant attachments (Helpard et al). 1997;111:650 (Clin. corner)

Impulse

- A new concept: impulse in orthodontics (Braun and Bluestein). 1997;111:437-40 (Special article)

In memoriam

- Faustin Neff Weber (Behrents et al). 1997;111:237-8
- Howard Yost. 1997;111:238
- Paul Hoffman, DDS (Hoffman). 1997;111:106
- Stephen D. Keeling. 1997;111:450

Incisor

- Incomplete canine transposition and maxillary central incisor impaction—a case report (Wasserstein et al). 1997;111:635-9 (Case rep.)
- The mandibular central incisor, an extraction option (Klein). 1997;111:253-9 (Case rep.)

Infant

- Arch width changes from 6 weeks to 45 years of age (Bishara et al). 1997;111:401-9 (Continuing education)

Interferometry

- A study of holographic interferometry on the initial reaction of maxillofacial complex during protraction (Lee et al). 1997;111:623-32 (Continuing education)

Internet

- Internet: speed controls on the Super Highway (Mollard). 1997;111:241-2 (Ortho bytes)

Irradiation; see Radiation therapy**J****Johnston, Lysle E. Jr.**

- Lysle E. Johnston, Jr. (Graber). 1997;111:582 (Vignette)

K**Keeling, Stephen D.**

- Stephen D. Keeling. 1997;111:450 (In memoriam)

L**Lasers**

- In vitro comparison of debonding force and intrapulpal temperature changes during ceramic orthodontic bracket removal using a carbon dioxide laser (Ma et al). 1997;111:203-10 (Continuing education)
- Stimulatory effects of low-power laser irradiation on bone regeneration in midpalatal suture during expansion in the rat (Saito and Shimizu). 1997;111:525-32

Ligation

- Force decay and deformation of orthodontic elastomeric ligatures (Taloumis et al). 1997;111:1-11

Lip bumper therapy

- The effects of lip bumper therapy in the mixed dentition (Davidovitch et al). 1997;111:52-8 (Continuing education)
- Forces produced by lip bumpers on mandibular molars (Hodge et al). 1997;111:613-22 (Continuing education)

Litigation

- Arbitration accepted as a means for resolution of medical malpractice disputes (Jerrold). 1997;111:349-51 (Litigation/legis./ethics)
- Are you a doctor or are you a dentist? (Jerrold). 1997;111:586-7 (Litigation/legis./ethics)
- Hiding the truth (Jerrold). 1997;111:455-6 (Litigation/legis./ethics)
- Revisiting restrictive covenants (Jerrold). 1997;111:659-60 (Litigation/legis./ethics)

Who can be an expert? (Jerrold). 1997;111:243-4 (Litigation/legis/ethics)

Litigation, legislation, and ethics

Litigation, legislation, and ethics. 1997;111:243-4, 349-51, 455-6, 586-7, 659-60

M

Maleic acid

Evaluation of Scotchbond multipurpose and maleic acid as alternative methods of bonding orthodontic brackets (Olsen et al). 1997;111:498-501

Malocclusion

An adult malocclusion requiring a combination of orthodontic and prosthodontic treatment (Chan). 1997;111:100-5 (Case rep.)

Malocclusion, Angle Class I

An American Board of Orthodontics case report: treatment of a Class I malocclusion with a significant transverse discrepancy and high mandibular plane angle (Dhane). 1997;111:247-52 (Case rep.)

The treatment of a Class I malocclusion with two horizontally impacted maxillary canines (Ødegaard). 1997;111:357-65 (Case rep.)

Malocclusion, Angle Class II

An American Board of Orthodontics case report (Bilodeau). 1997;111:487-91 (Case rep.)

Changes in dental arch dimensions by use of an orthopedic cervical headgear in Class II correction (Kirjavainen et al). 1997;111:59-66 (Continuing education)

Combined orthodontic-orthognathic surgical treatment of a Class II, Division 1 malocclusion (Harris et al). 1997;111:640-5 (Case rep.)

Early dentofacial features of Class II malocclusion: a longitudinal study from the deciduous through the mixed dentition (Baccetti et al). 1997;111:502-9

The effect of early intervention on skeletal pattern in Class II malocclusion: a randomized clinical trial (Tulloch et al). 1997;111:391-400

Influences on the outcome of early treatment for Class II malocclusion (Tulloch et al). 1997;111:533-42 (Continuing education)

The mandibular central incisor, an extraction option (Klein). 1997;111:253-9 (Case rep.)

Treatment and posttreatment changes in patients with Class II, Division 1 malocclusion after extraction and nonextraction treatment (Bishara et al). 1997;111:18-27

Treatment of a patient with a Class II malocclusion and an extremely high mandibular plane angle and severe crowding (Coreil). 1997;111:93-9 (Case rep.)

Malocclusion, Angle Class III

An American Board of Orthodontics case report: the nonsurgical orthodontic correction of a Class III malocclusion (Glenn). 1997;111:149-55 (Case rep.)

Two-stage treatment of a severe skeletal Class III, deep bite malocclusion (Chang et al). 1997;111:481-6 (Case rep.)

Malpractice

Arbitration accepted as a means for resolution of medical malpractice disputes (Jerrold). 1997;111:349-51 (Litigation/legis/ethics)

Hiding the truth (Jerrold). 1997;111:455-6 (Litigation/legis/ethics)

Mandible

An American Board of Orthodontics case report: treatment of a Class I malocclusion with a significant transverse discrepancy and high mandibular plane angle (Dhane). 1997;111:247-52 (Case rep.)

Dynamic relationships of the mandibular anterior segment (Braun and Hnat). 1997;111:518-24

Forces produced by lip bumpers on mandibular molars (Hodge et al). 1997;111:613-22 (Continuing education)

The mandibular central incisor, an extraction option (Klein). 1997;111:253-9 (Case rep.)

Treatment of a patient with a Class II malocclusion and an extremely high mandibular plane angle and severe crowding (Coreil). 1997;111:93-9 (Case rep.)

Mandibular condyle

Changes in condylar position and occlusion associated with maxillary expansion for correction of functional unilateral posterior crossbite (Hesse et al). 1997;111:410-8 (Continuing education)

Condylar change after upward and forward rotation of the maxillomandibular complex (Cottrell et al). 1997;111:156-62

An evaluation of condyle position in centric relation obtained by manipulation of the mandible with and without leaf gauge deprogramming (Braun et al). 1997;111:34-7

Manganese

Effects of orthodontic treatment on nutrient intake (Riordan). 1997;111:554-61 (Continuing education)

Mastication

The influence of the masticatory hypofunction on the craniofacial growth and development in rats (Ulgen et al). 1997;111:189-98 (Continuing education)

Maxilla

Alveolar bone loss of maxillary anterior teeth in adult orthodontic patients (Nelson and Årtun). 1997;111:328-34 (Continuing education)

An American Board of Orthodontics case report: the nonsurgical orthodontic correction of a Class III malocclusion (Glenn). 1997;111:149-55 (Case rep.)

Changes in condylar position and occlusion associated with maxillary expansion for correction of functional unilateral posterior crossbite (Hesse et al). 1997;111:410-8 (Continuing education)

Condylar change after upward and forward rotation of the maxillomandibular complex (Cottrell et al). 1997;111:156-62

Incomplete canine transposition and maxillary central incisor impaction—a case report (Wasserstein et al). 1997;111:635-9 (Case rep.)

Orthognathic surgery effects on maxillary growth in patients with vertical maxillary excess (Mogavero et al). 1997;111:288-96

Skeletal and dental changes after maxillary expansion in the mixed dentition (Sandıkçioğlu and Hazar). 1997;111:321-7 (Continuing education)

The treatment of a Class I malocclusion with two horizontally impacted maxillary canines (Ødegaard). 1997;111:357-65 (Case rep.)

Metabolic diseases

Orthodontic treatment of a patient with multidisciplinary problems (Laino and Melsen). 1997;111:141-8 (Clin. corner)

Metals

Bond strength: a comparison between chemical coated and mechanical interlock bases of ceramic and metal brackets (Wang et al). 1997;111:374-81

Mixed dentition; see Dentition, mixed

Molar

Forces produced by lip bumpers on mandibular molars (Hodge et al). 1997;111:613-22 (Continuing education)

N

Nasal obstruction

Influences of nasal respiratory obstruction on craniofacial

- growth in young *Macaca fasciata* monkeys (Yamada et al). 1997;111:38-43
- Negotiating**
Arbitration accepted as a means for resolution of medical malpractice disputes (Jerrold). 1997;111:349-51 (Litigation/legis./ethics)
- Neovascularization**
Angiogenesis and osteogenesis in an orthopedically expanded suture (Chang et al). 1997;111:382-90
- Nickel**
Salivary nickel and chromium in subjects with different types of fixed orthodontic appliances (Kerosuo et al). 1997;111:595-8
- Notes from the clinic**
Notes from the clinic. 1997;111:239-40, 451-2, 652-6
- Nutrition**
Effects of orthodontic treatment on nutrient intake (Riordan). 1997;111:554-61 (Continuing education)
- O**
- Obituaries**
Faustin Neff Weber (Behrents et al). 1997;111:237-8 (In memoriam)

Paul Hoffman, DDS (Hoffman). 1997;111:106 (In memoriam)
Stephen D. Keeling. 1997;111:450 (In memoriam)
- Obstructive sleep apnea; see Sleep apnea syndromes**
- Occlusion**
Changes in condylar position and occlusion associated with maxillary expansion for correction of functional unilateral posterior crossbite (Hesse et al). 1997;111:410-8 (Continuing education)
Changes in occlusion related to the cant of the occlusal plane (Braun and Legan). 1997;111:184-8 (Continuing education)
Emerging paradigms in orthodontics—an essay (Ghafari). 1997;111:573-80 (Guest editorial)
Sunrise—sunset (Leever). 1997;111:440-2 (Guest editorial)
- Oral hygiene**
Clinical effects of chlorhexidine mouthwashes on patients undergoing orthodontic treatment (Anderson et al). 1997;111:606-12 (Continuing education)
Comparison of the effectiveness of two types of toothbrushes on the oral hygiene of patients undergoing orthodontic treatment with fixed appliances (Kiliçoğlu et al). 1997;111:591-4
Effect of electric toothbrushes versus manual toothbrushes on removal of plaque and periodontal status during orthodontic treatment (Trimpeneers et al). 1997;111:492-7
- Ortho bytes**
Ortho bytes. 1997;111:107-9, 241-2, 346-8, 453-4, 583-5, 657-8
- Orthodontic appliances**
Alveolar bone turnover and tooth movement in male rats after removal of orthodontic appliances (King et al). 1997;111:266-75
Comparison of the effectiveness of two types of toothbrushes on the oral hygiene of patients undergoing orthodontic treatment with fixed appliances (Kiliçoğlu et al). 1997;111:591-4
Interactive edgewise mechanisms: form and function comparison with conventional edgewise brackets (Voudouris). 1997;111:119-40 (Special article)
Salivary nickel and chromium in subjects with different types of fixed orthodontic appliances (Kerosuo et al). 1997;111:595-8
- Orthodontic appliances, removable**
Bonded orthodontic retainers: the wire-composite interface (Bearn et al). 1997;111:67-74 (Continuing education)
- Orthodontic brackets**
Bond strength: a comparison between chemical coated and mechanical interlock bases of ceramic and metal brackets (Wang et al). 1997;111:374-81
Effect of pumice prophylaxis on the bond strength of orthodontic brackets (Lindauer et al). 1997;111:599-605 (Continuing education)
Enamel preparation for orthodontic bonding: a comparison between the use of a sandblaster and current techniques (Reisner et al). 1997;111:366-73
Evaluation of Scotchbond multipurpose and maleic acid as alternative methods of bonding orthodontic brackets (Olsen et al). 1997;111:498-501
Fluoride level in saliva after bonding orthodontic brackets with a fluoride containing adhesive (Øgaard et al). 1997;111:199-202 (Continuing education)
In vitro comparison of debonding force and intrapulpal temperature changes during ceramic orthodontic bracket removal using a carbon dioxide laser (Ma et al). 1997;111:203-10 (Continuing education)
In vitro evaluation of matrix-bound fluoride-releasing orthodontic bonding adhesives (Sinha et al). 1997;111:276-82
Interactive edgewise mechanisms: form and function comparison with conventional edgewise brackets (Voudouris). 1997;111:119-40 (Special article)
A new approach to indirect bonding using light-cure composites (Kasrovi et al). 1997;111:652-6 (Notes from the clinic)
Thermal debonding of ceramic brackets: an in vitro study (Crooks et al). 1997;111:163-72
- Orthodontic Educational Development Symposium**
Reflecting on the Orthodontic Educational Development Symposium (Roberts). 1997;111:110-5 (Educational update)
- Orthodontic wires**
Bonded orthodontic retainers: the wire-composite interface (Bearn et al). 1997;111:67-74 (Continuing education)
Design and test orthodontic loops using your computer (Halazonetis). 1997;111:346-8 (Ortho bytes)
On mechanical properties of square and rectangular stainless steel wires tested in torsion (Meling et al). 1997;111:310-20 (Continuing education)
- Orthodontics, trends**
Emerging paradigms in orthodontics—an essay (Ghafari). 1997;111:573-80 (Guest editorial)
Sunrise—sunset (Leever). 1997;111:440-2 (Guest editorial)
- Orthognathic surgery**
A case of hyperodontia with twenty-two supernumeraries: its surgical-orthodontic treatment (Rizzuti and Scotti). 1997;111:471-80 (Case rep.)
Cleidocranial dysplasia: Part 2—treatment protocol for the orthodontic and surgical modality (Becker et al). 1997;111:173-83
Combined orthodontic-orthognathic surgical treatment of a Class II, Division 1 malocclusion (Harris et al). 1997;111:640-5 (Case rep.)
Orthognathic surgery effects on maxillary growth in patients with vertical maxillary excess (Mogavero et al). 1997;111:288-96

Ortho-tech news. 1997;111:661
- Osteogenesis**
Angiogenesis and osteogenesis in an orthopedically expanded suture (Chang et al). 1997;111:382-90
- Outcomes assessment**
An assessment of treatment outcome in American Board of Orthodontics cases (Tahir et al). 1997;111:335-42 (Continuing education)

Emerging paradigms in orthodontics—an essay (Ghafari). 1997;111:573-80 (Guest editorial)

Influences on the outcome of early treatment for Class II malocclusion (Tulloch et al). 1997;111:533-42 (Continuing education)

Overbite

An American Board of Orthodontics case report (Bilodeau). 1997;111:487-91 (Case rep.)

Two-stage treatment of a severe skeletal Class III, deep bite malocclusion (Chang et al). 1997;111:481-6 (Case rep.)

P

Palatal expansion technique

Changes in condylar position and occlusion associated with maxillary expansion for correction of functional unilateral posterior crossbite (Hesse et al). 1997;111:410-8 (Continuing education)

Skeletal and dental changes after maxillary expansion in the mixed dentition (Sandıkçioğlu and Hazar). 1997;111:321-7 (Continuing education)

Stimulatory effects of low-power laser irradiation on bone regeneration in midpalatal suture during expansion in the rat (Saito and Shimizu). 1997;111:525-32

Peridontium

Effect of electric toothbrushes versus manual toothbrushes on removal of plaque and periodontal status during orthodontic treatment (Trimpenneers et al). 1997;111:492-7

Periodontal diseases

Orthodontic treatment of a patient with multidisciplinary problems (Laino and Melsen). 1997;111:141-8 (Clin. corner)

Pharynx

A role of pharyngeal length in obstructive sleep apnea patients (Pae et al). 1997;111:12-7

Phase I treatment

Phase I treatment (Nelson). 1997;111:239-40 (Notes from the clinic)

Photography

Facial photography for the orthodontic office (Meredith). 1997;111:463-70 (Special article)

Physician-patient relationship

Are you a doctor or are you a dentist? (Jerrold). 1997;111:586-7 (Litigation/legis./ethics)

Plaque

Clinical effects of chlorhexidine mouthwashes on patients undergoing orthodontic treatment (Anderson et al). 1997;111:606-12 (Continuing education)

Comparison of the effectiveness of two types of toothbrushes on the oral hygiene of patients undergoing orthodontic treatment with fixed appliances (Kiliçoğlu et al). 1997;111:591-4

Effect of electric toothbrushes versus manual toothbrushes on removal of plaque and periodontal status during orthodontic treatment (Trimpenneers et al). 1997;111:492-7

Porcelain

Bond strength of orthodontic composite cement to treated porcelain (Cochran et al). 1997;111:297-300

Practice guidelines

Excerpts from American Association of Orthodontists Clinical Practice Guidelines for Orthodontics and Dentofacial Orthopedics 1996. 1997;111:443-9

Premolar

The effect of premolar extractions on tooth-size discrepancy (Saaqi and Yukay). 1997;111:428-34 (Continuing education)

Journey through time (Nelson). 1997;111:451-2 (Notes from the clinic)

Prosthodontics

An adult malocclusion requiring a combination of orthodontic and prosthodontic treatment (Chan). 1997;111:100-5 (Case rep.)

Pumice

Effect of pumice prophylaxis on the bond strength of orthodontic brackets (Lindauer et al). 1997;111:599-605 (Continuing education)

R

Radiation therapy

Stimulatory effects of low-power laser irradiation on bone regeneration in midpalatal suture during expansion in the rat (Saito and Shimizu). 1997;111:525-32

Relapse

Relapse revisited (Vaden et al). 1997;111:543-53 (Continuing education)

Restrictive covenants

Revisiting restrictive covenants (Jerrold). 1997;111:659-60 (Litigation/legis./ethics)

Retainers; see Orthodontic appliances, removable

Reviews

Reviews. 1997;111:116-7, 245, 352-5, 457-61, 588-9, 662-9

Root resorption

Emerging paradigms in orthodontics—an essay (Ghafari). 1997;111:573-80 (Guest editorial)

A heritable component for external apical root resorption in patients treated orthodontically (Harris et al). 1997;111:301-9

S

Saliva

Fluoride level in saliva after bonding orthodontic brackets with a fluoride containing adhesive (Øgaard et al). 1997;111:199-202 (Continuing education)

Salivary nickel and chromium in subjects with different types of fixed orthodontic appliances (Kerosuo et al). 1997;111:595-8

Sandblasting

Enamel preparation for orthodontic bonding: a comparison between the use of a sandblaster and current techniques (Reisner et al). 1997;111:366-73

Scotchbond multipurpose; see Adhesives

Selçuk type headgear-timer; see Extraoral traction appliances

Shear bond strength; see Bond strength

Skull, growth and development

Cleidocranial dysplasia: Part 1—general principles of the orthodontic and surgical treatment modality (Becker et al). 1997;111:28-33

Cleidocranial dysplasia: Part 2—treatment protocol for the orthodontic and surgical modality (Becker et al). 1997;111:173-83

The influence of the masticatory hypofunction on the craniofacial growth and development in rats (Ulgen et al). 1997;111:189-98 (Continuing education)

Influences of nasal respiratory obstruction on craniofacial growth in young *Macaca fuscata* monkeys (Yamada et al). 1997;111:38-43

Sleep apnea syndromes

Comparison of two dental devices for treatment of obstructive sleep apnea syndrome (OSAS) (Hans et al). 1997;111:562-70 (Continuing education)

A role of pharyngeal length in obstructive sleep apnea patients (Pae et al). 1997;111:12-7

Snoring

Comparison of two dental devices for treatment of obstructive sleep apnea syndrome (OSAS) (Hans et al). 1997;111:562-70 (Continuing education)

Software

- Creating composite image files with a word processor (Mamutil). 1997;111:107-9 (Ortho bytes)
- Design and test orthodontic loops using your computer (Halazonetis). 1997;111:346-8 (Ortho bytes)
- Internet: speed controls on the Super Highway (Mollard). 1997;111:241-2 (Ortho bytes)
- Judging a digital imaging system (Abelson). 1997;111:657-8 (Ortho bytes)
- New digital imaging systems for dental and medical use. 1997;111:661 (Ortho-tech news)
- Windows 95: troubles and trouble shooting (Abelson). 1997;111:583-5 (Ortho bytes)
- Windows 95—first impression (Abelson). 1997;111:453-4 (Ortho bytes)

Soldering

- Soldered implant attachments (Helpard et al). 1997;111:550 (Clin. corner)

Special articles

- Special articles. 1997;111:87-92, 119-40, 437-9, 463-70, 646-9

Sutures

- Angiogenesis and osteogenesis in an orthopedically expanded suture (Chang et al). 1997;111:382-90
- Stimulatory effects of low-power laser irradiation on bone regeneration in midpalatal suture during expansion in the rat (Saito and Shimizu). 1997;111:525-32

T**Temperature**

- In vitro comparison of debonding force and intrapulpal temperature changes during ceramic orthodontic bracket removal using a carbon dioxide laser (Ma et al). 1997;111:203-10 (Continuing education)

Temporomandibular joint

- Condylar change after upward and forward rotation of the maxillomandibular complex (Cottrell et al). 1997;111:156-62
- Orthodontic and temporomandibular joint considerations in treatment of patients with Ehlers-Danlos syndrome (Norton and Assael). 1997;111:75-84 (Continuing education)

Time factors

- Emerging paradigms in orthodontics—an essay (Ghafari). 1997;111:573-80 (Guest editorial)
- Journey through time (Nelson). 1997;111:451-2 (Notes from the clinic)
- A new concept: impulse in orthodontics (Braun and Bluestein). 1997;111:437-40 (Special article)
- Relapse revisited (Vaden et al). 1997;111:543-53 (Continuing education)
- Selçuk type headgear-timer (STHT) (Güray and Orhan). 1997;111:87-92 (Special article)

Tooth, impacted

- Incomplete canine transposition and maxillary central incisor impaction—a case report (Wasserstein et al). 1997;111:635-9 (Case rep.)
- The treatment of a Class I malocclusion with two horizontally impacted maxillary canines (Ødegaard). 1997;111:357-65 (Case rep.)

Tooth, supernumerary

- A case of hyperodontia with twenty-two supernumeraries: its surgical-orthodontic treatment (Rizzuti and Scotti). 1997;111:471-80 (Case rep.)

Tooth, unerupted

- Journey through time (Nelson). 1997;111:451-2 (Notes from the clinic)

Tooth extraction

- Combined orthodontic-orthognathic surgical treatment of a Class II, Division 1 malocclusion (Harris et al). 1997;111:640-5 (Case rep.)
- The effect of premolar extractions on tooth-size discrepancy (Saatçi and Yukay). 1997;111:428-34 (Continuing education)
- The mandibular central incisor, an extraction option (Klein). 1997;111:253-9 (Case rep.)
- Treatment and posttreatment changes in patients with Class II, Division 1 malocclusion after extraction and nonextraction treatment (Bishara et al). 1997;111:18-27

Tooth movement

- Alveolar bone turnover and tooth movement in male rats after removal of orthodontic appliances (King et al). 1997;111:266-75
- Emerging paradigms in orthodontics—an essay (Ghafari). 1997;111:573-80 (Guest editorial)
- Relapse revisited (Vaden et al). 1997;111:543-53 (Continuing education)

Toothbrushing

- Comparison of the effectiveness of two types of toothbrushes on the oral hygiene of patients undergoing orthodontic treatment with fixed appliances (Kiliçoğlu et al). 1997;111:591-4
- Effect of electric toothbrushes versus manual toothbrushes on removal of plaque and periodontal status during orthodontic treatment (Trimpeneers et al). 1997;111:492-7

Torsion

- On mechanical properties of square and rectangular stainless steel wires tested in torsion (Meling et al). 1997;111:310-20 (Continuing education)

Truth

- Hiding the truth (Jerrold). 1997;111:455-6 (Litigation/legis/ethics)

Twins

- Heritability of 39 orthodontic cephalometric parameters on MZ, DZ twins and MN-paired singletons (Manfredi et al). 1997;111:44-51

V**Vignette**
